While Government reforms and initiatives have played a very important part,industry has been the major driver of this remarkable growth. The Department of Telecommunications is striving to play the role of an enabler for the growth of the telecommunications sector and thereby, of the digital economy. Department of Telecom has taken some significant measures to improve the ease of doing business. It has been its endeavour to provide an environment, which is fair and transparent, encourages competition, promotes a level-playing field for all service providers, protects the interest of consumers and enables technological benefits to one and all.
